About Micsig

Shenzhen Micsig Technology Co., Ltd. is a leading manufacturer and solution provider in the field of signal test and measurement equipment. The company is dedicated to the research and development of cutting-edge technologies for electrical signal testing products.

Since its establishment, Micsig has been at the forefront of innovation, holding numerous technical patents and software copyrights. In 2025, Micsig was proudly recognized as a National "Little Giant" Enterprise — specialized, refined, distinctive, and innovative.

Guided by the philosophy of "Micsig Creation", the company is committed to serving global users, continuously creating value, exceeding expectations, and pursuing excellence.
